

How to Prepare For a

cheryl king

C O U T U R E

trunk show

A Trunk Show is an experience where the designer or a representative of a company is invited to a store and brings with them an expanded view of the existing collection.

The majority of pieces you will see will not be left for you to see again.

The cheryl king couture collection includes Hairpins, Tiaras, Combs, Veils and Mantillas, as well as Chantilly Lace of Wendell and Icing Couture jewelry, so be prepared to make a final selection on your appointment. In this case you will meet with Cheryl King, the chief designer. She is skilled in helping each person find the perfect compliment to their face and body shape, hairstyle, dress type, budget, uniqueness of the event and personal style. Using this information she will be able to help you make the perfect choice. Remember this: when you look through a wedding photo album, how many photos are of the wedding gown train and how many of the bride's face?

Don't underestimate the importance of the perfect headpiece and veil!

cheryl king couture designs are handcrafted domestically to your specifications, and feature:

12 shades of illusion; all veils are hand cut to your specifications

Jewelry grade natural, cultured and faux pearls

Swarovski crystals and rhinestones

Hand-dyed pearls, laces and feathers

Hand painted bisque pieces

Heirloom restorations and reproductions

Sterling, gold, gold-filled, or silver and gold toned wires

Restringing into jewelry after your wedding is available
